01 | COMPANY OVERVIEW

Atlanta Couriers LLC is an Atlanta-based courier and transportation company providing responsive same-day delivery, scheduled routes, final-mile logistics, cargo-van transportation, and specialized courier services for commercial, healthcare, government, and institutional customers.

Our operating model emphasizes dependable service, direct communication, flexible capacity, documented pickup and delivery, and technology-supported dispatch. We support one-time, recurring, dedicated, and overflow transportation requirements throughout Metro Atlanta and across Georgia.

02 | CORE COMPETENCIES

SAME-DAY & EXPEDITED COURIER
Direct pickup and delivery of time-sensitive documents, parcels, supplies, parts, equipment, and commercial shipments.

SCHEDULED & DEDICATED ROUTES
Recurring daily, weekly, multi-stop, and dedicated routes aligned to customer schedules and service windows.

MEDICAL & HEALTHCARE COURIER
Transportation support for medical offices, laboratories, pharmacies, healthcare facilities, suppliers, and related organizations.

CARGO VAN TRANSPORTATION
Commercial supplies, equipment, parts, multiple cartons, and palletized freight within vehicle capacity.

FINAL-MILE DELIVERY
Pickup from warehouses, wholesalers, distributors, commercial facilities, and logistics locations for direct delivery.

OVERFLOW & BACKUP CAPACITY
Supplemental capacity for peak demand, route interruptions, driver shortages, and temporary volume increases.

- Route-specific training and credential tracking
- Electronic proof-of-delivery workflows
- Signature, photo, timestamp, BOL/AWB support

05 | KEY DIFFERENTIATORS

TECHNOLOGY-ENABLED OPERATIONS
Integrated workflow supporting shipment intake, quoting, driver assignment, communication, delivery documentation, and operational review.

DOCUMENTED PROOF OF DELIVERY
Electronic POD, recipient signatures, delivery photographs, pickup/delivery timestamps, bills of lading, air waybills, and shipment records.

DRIVER QUALIFICATION MANAGEMENT
Licensing, MVR, vehicle documentation, insurance, agreements, training, certifications, and route-specific credentials.

SPECIALIZED CREDENTIAL TRACKING
TWIC, HIPAA, Bloodborne Pathogens, specimen handling, chain of custody, cold-chain, CPR/First Aid, defensive driving, and customer-specific qualifications where applicable.

FLEXIBLE CAPACITY
Company-operated capability supported by qualified independent-contractor resources for variable delivery volume and customer requirements.

ATLANTA MARKET KNOWLEDGE
Direct familiarity with Metro Atlanta business districts, healthcare corridors, warehouses, wholesalers, industrial areas, and distribution centers.

06 | MARKETS SERVED

- Federal, state and local government
- Medical offices, laboratories and pharmacies
- Manufacturers, distributors and wholesalers
- Retailers and professional services
- Automotive and industrial suppliers
- Freight brokers, 3PLs, warehouses and carriers

07 | REPRESENTATIVE PAST PERFORMANCE

COMMERCIAL MULTI-STOP DELIVERY
Completed purchasing, pickup, consolidation, transportation, and final delivery involving multiple wholesale and retail pickup locations. Scope included multi-location pickup, loading coordination, cargo-van transport, customer communication, and documented final delivery.

PALLETIZED COMMERCIAL DELIVERY
Provided cargo-van transportation for commercial palletized shipments requiring coordinated pickup, customer communication, loading, transport, and final delivery.

SAME-DAY COMMERCIAL DELIVERY
Completed time-sensitive Atlanta-area transportation assignments requiring direct pickup, responsive communication, and documented delivery.

RECURRING & DEDICATED CAPACITY
Operational systems are structured to support recurring routes, dedicated assignments, overflow service, subcontracted courier work, and scheduled commercial transportation.

08 | DELIVERY DOCUMENTATION

- Electronic proof of delivery
- Recipient signature capture
- Photo verification
- Pickup and delivery timestamps
- BOL / AWB document handling
- Customer and shipment records

READY WHEN YOUR DELIVERY IS.

Available for government procurement, subcontracting, recurring routes, dedicated delivery, commercial service, and overflow transportation support throughout Georgia.
